

10 September

Families hi. We know schools, your staff, students and families are keen to know what the plan is for term 4. You may have seen media reporting overnight about continued remote learning and a staged return plan. As you would be aware the ACT Government has prioritised COVID-19 vaccination for year 12s ahead of them sitting their end of year assessments. **No other decisions about term 4 have been made yet.**

Parent Teacher meeting bookings close at 5 pm today.

I have also attached two workshop fliers to allow you access to support your child with their online learning. Please accept our gratitude for you continued support of the school and keeping your children safe and well during these trying times. Wishing you all a great weekend.

Kind regards,

Simon
