Entertainment Night 2017 Thursday 22 June, Week 9

Dear Parent / Guardian,

Your child will be participating in Melrose High School's annual Entertainment Night. This night is a showcase event featuring an exhibition of visual art, digital media, performances from music, dance and drama students as well as the school band. Food students will be involved in catering for the event.

We encourage you, your family and friends to come and support your child by being an audience member. Tickets for the night will be on sale from the finance office (\$12 adults, \$6 students, \$25 family).

Entertainment Night has sold out in previous years, so we do ask that you pre-purchase your tickets to avoid disappointment.

To prepare students for the evening, they will be involved in preparation and rehearsal during school hours on Wednesday 21 June and Thursday 22 June. Students will be given their times closer to the date, and they need to ensure that they come to the correct location during their allotted time.

The program for the event is as follows:

- **6pm:** Students working on catering will need to arrive in the hall.
- **6.30pm sharp:** Students involved with music, dance or drama performances, and backstage crew will need to be in the canteen for a pre-show meeting.
- **6:30-7pm: Doors open for audience members, and refreshments available in the hall.**
- **7pm: Show starts.** There will be a short interval and we anticipate the show to finish around 9.30pm.
- Audience members are encouraged to stay for the duration of the show, not just their child's act, so that all our students can enjoy a full and supportive audience.
- If a student's act requires hair and make-up to be done, this needs to be done **before** they arrive at 6:30pm.
- Students should bring a book, handheld game or other quiet activity to do while they are waiting in the backstage areas before and after their act.

Please complete the permission form attached and return to your child's teacher by Wednesday 14 June.

Yours sincerely,

The Melrose Arts & Technology Faculty
